WHY CHOOSE US

COOPERATION

- ROSTER, is a professional manufacturer of shot blasting machines and shot peening machines. Our machine lines cover hook shot blasting machine, tumble shot blasting machine, roller conveyor blasting machine, blasting room, and shot peening machine, which widely used for surface finishing & surface cleaning in aerospace, automotive, shipyard, railway, forge and foundry, steel pipe, steel structure, aluminum and other industries.

With 30 years development, as leading shot blasting machine supplier in China, We offers a complete machine ranges of shot blasting and shot peening. Our team has a clear focus: To reduce shot blasting production costs, simplified by providing economical shot blasting peening cleaning equipment, excellent technical advice and the longer lasting abrasives media.

- Supply customized and optimized complete solutions for surface treatment is at the core of what we do. Our entire focus is providing our customers with high-performing shot blast equipment and solutions that are safe, reliable, durable, and easy to operate and maintain. Our customers realize improved total cost of ownership and increased profitability, as well as operational excellence. More than just another supplier – we are a trusted partner and brand.

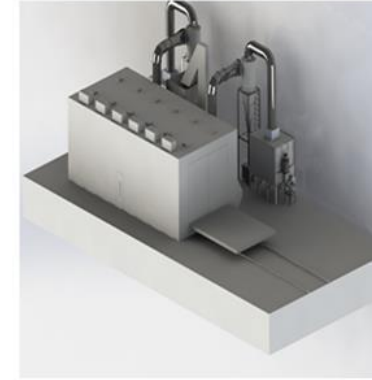

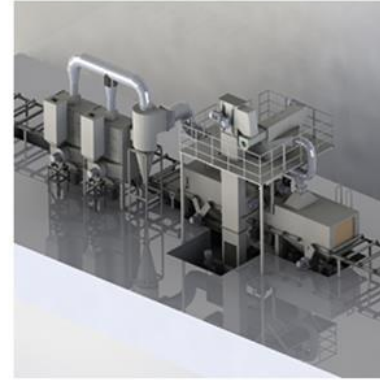

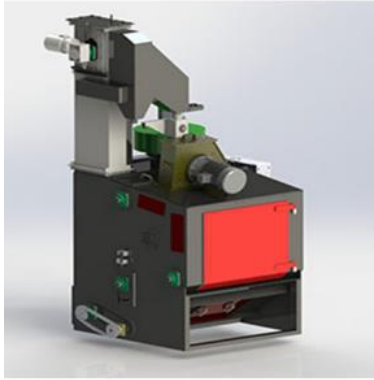

The durability and reliability of our equipment is the result of proprietary materials, innovative thinking, patented designs, and manufacturing processes paired with nearly 30 years of experience and expertise in a variety of industries.

COMPANY INFO

- 1.30+ years focus on shot blasting& peening machines,abrasives.
- 2.Export to more than 30 countries (East Asia , Mid-east , USA, Europe) with very good reputation.
- 3.More than 1200 clients all over the world.
- 4.Supply aftersale with our local agent in Each regional continent
5. Provide personalized and customized services.
- 6.Supply the complete solutions for surface treatment.
- 7.Supply the spare part of Rosler, Wheelabrator ,Disa, Sinto, Pangborn....
8. Supply ISO9001,ISO14001, CE, FDA certification etc.
- 9.Quality/ secret/ refunding guarantee agreements.
- 10.Own 3 factories with 30,000 square meters & 200 workers
- 11.Additional product services : including marketing plans and pictures ,video.

- Cost saving , environmental protection convenience and safe .
- Customize according to requirements
- 18 years warranty period.
- Product quality and safety certification
- Products are updated every year
- OEM & ODM service
- Blasting system With the wide variety of industries served

Roller Conveyor Series

ROSTER offers a range of roller conveyors from small simple machines to construction blasters, heavy duty machines and complete preservation lines.

ROSTER Descaling Systems provide high volume production and cost effective performance for deburring, cleaning, descaling, or etching of plate, structurals and fabrications. Customized work handling solutions (monorail, crane, and roll conveyors) allow for maximum flexibility. It is extremely versatile for efficient blast coverage.

Hanger Type Series

ROSTER offers a range of hanger type for desanding and decoring of pieces , small, medium and very large parts can be economically cleaned.

ROSTER hanger hook type is design to handle mix load of medium & large components including fragile & irregular shapes. Small components can also be cleaned by loading into carrier basket. Various work handing schemes like straight, tee, y and continuous loop is possible. Machine can handle load upto 5000 kg/hanger or more. So it's the ideal all-purpose blasting machines.

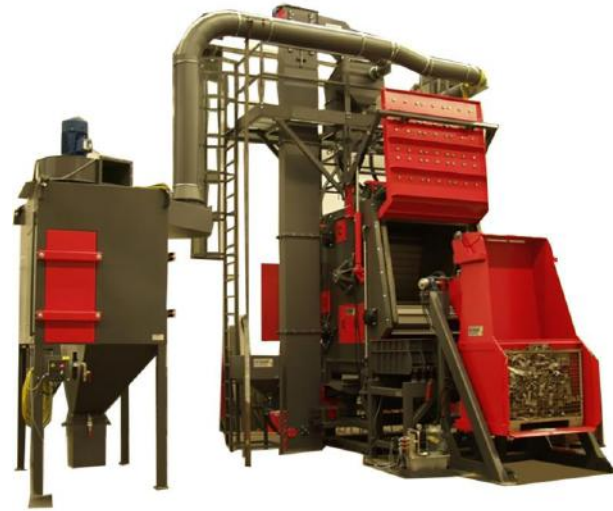

Rotary Drum & tumble Series

ROSTER offers a range of rotary drum & tumble series for decades as the most effective blasting process for removing sand, scale and burrs from heavy or sharp-edged mass production parts.

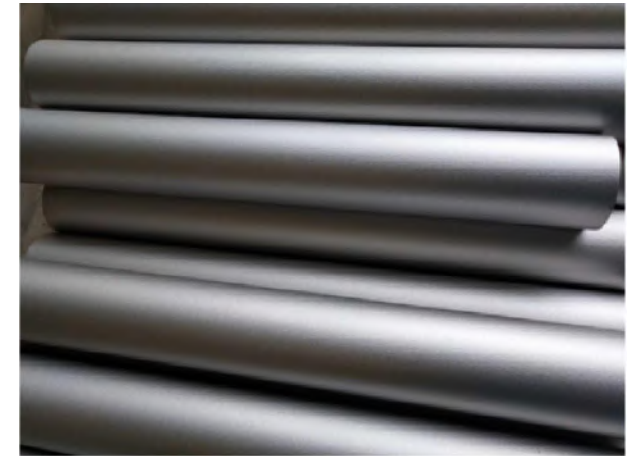

ROSTER rotary drum & tumble Machines of this kind can be filled and emptied in a variety of ways: with an automated loading device and take-off conveyor, or with other equipment already integrated in the rest of the production line.

Steel Pipe Shot Blasting MC

ROSTER Steel Pipe Shot Blasting Machines (inner & outer) are suitable for the surface treatment of internal pipe and related products, available in different sizes for various industries such as oil & gas, steel stockholders and food industry.

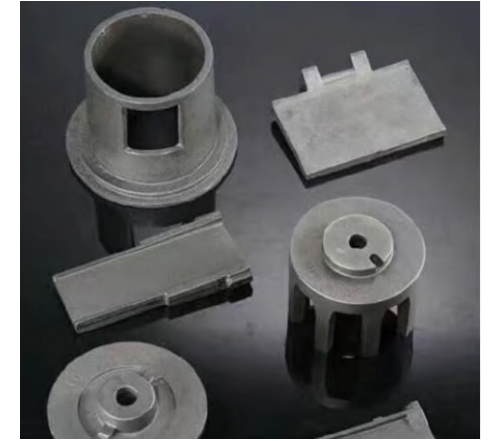

Blast Wheel & Spare Part

ROSTER Direct drive blast wheel with high blade tip velocity for shot blasting machines, we provide state of the art machines for various industries around the world. Whatever your finishing challenges, DX BLAST has the expertise to provide solutions that will exceed your expectations!

- **FEATURES:**

- ⌚ Reduced Maintenance Cost
- ⌚ High Chromium alloy blades for long life
- ⌚ Robust state-of-the-art wheel design with high volume throw capability
- ⌚ Easy blade change out
- ⌚ Double runner head for energy efficiency and uniform shot flow
- ⌚ Unique impeller design for long life and increased feed
- ⌚ Large funnel style feed spout for maximum shot feed
- ⌚ Precision cast parts
- ⌚ Wheel housing completely lined with replaceable long-life alloy liners

BLASTING EFFECT

Description	International ISO-8501-1	American SSPC-SP
White metal	Sa 3	SSPC SP5
Nearly white metal	Sa 2.5	SSPC SP10
Commercial blast	Sa 2	SSPC SP6
Brush-off blast	Sa 1	SSPC SP7

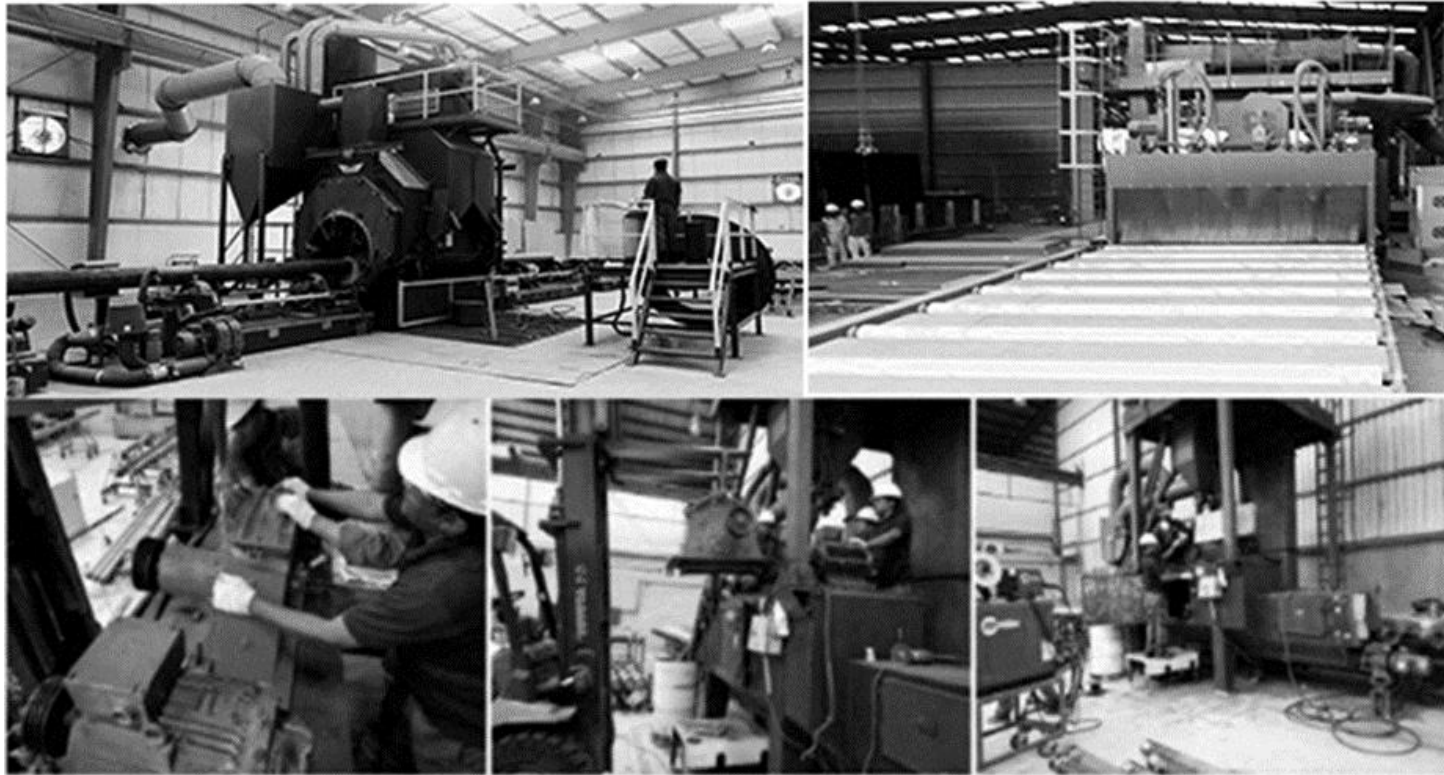

PACKAGING & SHIPPING

1. Small spare parts put in plywood wooden cases
2. Other parts is our company standard or according to customer requirements
3. Shipping: Container transport

AFTER-SALES FROM OUR LOCAL AGENT

ROSTER, already have some agents from different countries :Poland ,Mexico , UAE ,Saudi Arabia , Malaysia ,Vietnam , Philippines, Pakistan,IndonesiaThey can supply the better after -sales to our clients .

INSTALLATION CASE

ROSTER, has rich overseas installation experience which can complete the larger machines quickly and easily .

CLIENT VISITING

There are our customers from all over the world to visit us and consult surface treatment issues .

EVENT & SHOW

ROSTER, attend the professional event & show of surface treatment as : **Gifa Düsseldorf in Germany** , Tube Arabia , Steel FAB in UAE , Saudi Build , Metal Expo in Moscow, Metal& steel in Saudi , Metalex , MTA HANOI in Vietnam , Fundiexpo in Mexico , Inometal in indonesia , PDMEX in Philippine

More than just another supplier – we are a trusted partner and brand.
